ADC AD-170

170-lb Capacity OPL Dryer

Standard Features:

- 170-lb. capacity
- 51.20 cu. ft. basket volume
- 550,000 Btu/hr heat input, 3,700 cfm airflow
- · Radial airflow
- Self-diagnostic microprocessor with patented auto-drying feature
- Steel door with gasketless glass
- Reversing basket is standard
- Available in gas, steam and electric heat

Optional Features:

- Stainless steel front, cabinet & basket
- S.A.F.E. (Sensor Activated Fire Extinguishing System)

AD-170 OPL Dryer

Why Purchase ADC AD-170?

Engineer-Driven Design That is Built to Last

Our dryers showcase ADC's engineer-driven approach to design. Bearings are permanently lubricated on the motor and drive system. There are no chains used at ADC; rather, we use V-belts and pulleys for smooth, quiet, and trouble-free operation. Our dryer cabinets are electrostatically powder-painted inside and out, then baked at 420-degrees fahrenheit before final assembly—ensuring the hardest surface and the longest-lasting finish in the industry.

Rugged Steel Door with Gasketless Door Glass

Our dryer doors are one solid piece of steel with gasketless glass. This eliminates the issue of glass falling out due to wear and tear on rubber gaskets that some manufacturers use to secure their glass. The security and durability that gasketless glass provides is essential to a successful laundromat operation.

Easy-to-Read, Multilingual Controls

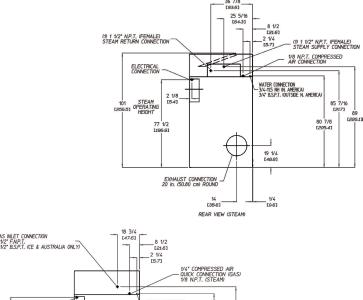

We were the first to bring computer-operated dryers to the market and today we continue to be a leader in applying technology to dryer operation. Our years of experience along with our accessible design, easy-to-read LED screens and our user-friendly multilingual interface positions ADC as the pioneer in the laundry industry.

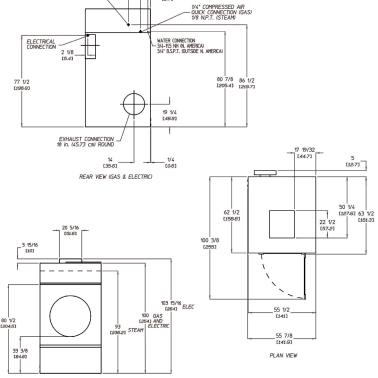

Your local ADC independent authorized distributor

Specifications in parentheses are metric equivalents.

IMPORTANT: Dryer requires a clean, dry and regulated

80 PSI +/- 10 PSI (5.51 bar +/- 0.68 bar) air supply.

** Compressed air is not required with optional steam solenoid valve.

† Optional Steam Coil Connection Differ. Refer to Installation Manual.
